Gathering Buzzwords!

To solve the Buzzword puzzle, first answer the crossword-type clues (Hint: Each answer is 7 letters long!). Then write each word in the honeycomb, putting one in each shaded tile and each of the tiles that touch it. For example, the shaded i and the six letters surrounding it spell MISSION, which matches one of the clues below. Keep track of the shaded letter for each answer you find (two are in parentheses as clues), then unscramble those letters to reveal the final clue and find the Gathering BUZZWORD. It's not easy, so use a pencil!
