

Lilly Pattern

Create your own filly!

The 2018 Churchwide Gathering will take place in Louisville. Let's celebrate and get creative! Please use the template and pattern pieces shown here to create your own filly. She can be a horse of any color and made with any medium. Wouldn't she look nice in a calico fabric or that beautiful wallpaper you haven't found a use for yet? Well, let your imagination roam free!

Use the attached pattern pieces and resize them as appropriate for your medium.

The pattern pieces are labeled to describe the placement of each piece. The x's on the pieces mark where you will need to punch a hole and use a brad, sew a button or provide another type of connector to give movement to your filly.
