

Spread *(Into the)* Light with Your Pastor!

Pastors, preachers, PW leaders! The 2020-2021 PW/*Horizons* Bible study, *Into the Light: Finding Hope Through Prayers of Lament*, by Lynn Miller, is a study for the whole church and brims with themes that preach!

Sermon ideas for pastors

- Help those you lead in worship to connect with scripture as a source of comfort, guidance, and hope during these difficult days.
- *Into the Light* can help you explore texts that are infrequently included in the Lectionary and ones you might not have preached, such as Job, Lamentations, and Hosea.
- In your sermons, give examples of ways that lament is not unique to today's problems but has been part of the story of the faithful since Creation.
- *Into the Light* includes contemporary songs, art, personal stories, and hymns that can be used as powerful sermon illustrations.
- The final lesson of *Into the Light* reflects on the "new heaven and a new earth" imagery from Revelation 22:1 that gives us hope for today and tomorrow. Use your sermons to reflect this hope we have in God whom we trust.

All PW/*Horizons* Bible studies, including this study, are richly supplemented with numerous editions (Spanish language, audiobook, and large print) and support materials (a Companion DVD, workshop for leaders, an author blog, various webinars, and even free videos on PW's YouTube Channel). Visit www.presbyterianwomen.org/bible-study to learn more (including how to order)!
